Explanation

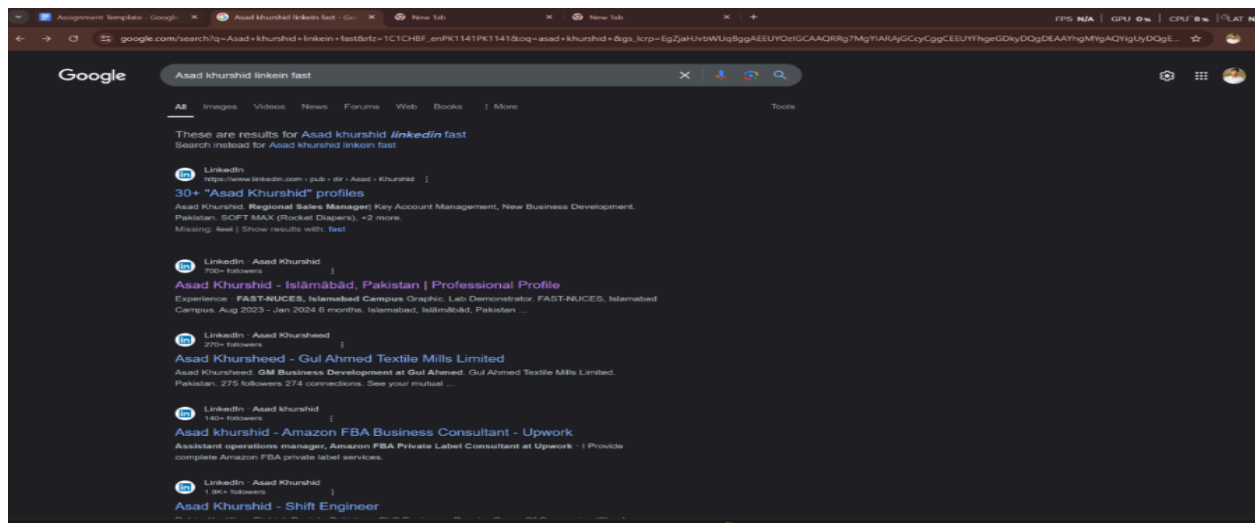

- **Port 22 (SSH)** is open and running **OpenSSH 9.9p1** on **Debian Linux**.
- This port is commonly used for remote login, administration, and file transfers.
- The **SSH service appears to be up-to-date**, which is a good sign from a security perspective.

Asad Khurshid, a 22-year-old student at FAST NUCES, is passionate about his career and is affiliated with the Computing Society of FAST and Cyber Legion. He enjoys socializing with friends and playing video games. Asad is active on social media platforms such as LinkedIn, TikTok, Snapchat, and X. He also has a Sadapay account. Despite his career-focused attitude, Asad is a vulnerable target for catfishing. Born in 2002, Asad is dedicated to his studies and his professional development.

Asads footprint was hard to discover I so I tried my best to gather his information using ethical means.
